PRODUCT NEWS

Apples:

Organic Washington-grown Fuji and Granny Smith Apples and Cuyama Orchards Sweetie Apples are in stock this week. The Sweetie Apple is a Braeburn/Gala cross and is one of the earliest California-grown Apple varieties.

Broccoli:

Broccoli Crowns are in stock coming from the Salinas area. Supply has tightened up slightly because of insect pressure and lower supplies. Organic Broccoli Crowns are back in stock from Lakeside and Coke Farm. Sweet Baby Broccoli, Organic Purple Sweet Baby Broccoli, Organic Broccoli Di Cicco, and Broccoli Rabe supplies have been hit hard with heavy insect pressure. Check availability day to day. Romanesco is gapping due to insect pressure.

Cabbage:

Green & Red Cabbage, Kohlrabe, Napa and Savoy Cabbage supplies have tightened but prices are steady this week.

Figs:

Black Mission Fig supply has tightened up and prices are high due to high heat causing quality issues and low pack count after the cleanup. Season is expected to run through October.

Squash:

Durst Farms Organic Delicata and Honeynut Squash are now in stock with good supplies. Organic Red Kuri Squash is in stock from Durst and Coke Farm. Fresno-grown Yellow Straight Necked Squash & Zucchini supplies and prices are steady.
